“ She was such a classy lady, immensely talented. In addition to being very smart and very well versed on any subject, she could design and make her own clothes, was a great cook, and a wonderful baker. We can't forget that when we graduated from college, she arranged a multiple course Chinese meal that was excellent and very well prepared. She encouraged our son to follow his dreams and study hard; our son is now pursuing a PHD in Education and Psychology. These are only some of the good memories that we have of Audrey. We talked to her the day before the fire trying to make arrangements with her to come to our son's wedding in August. We loved her very much and she will be deeply missed.
