“ *She was never my teacher at IS 141 Steinway but I've heard many great things about her. My friends would always tell me how fun she made the class. She was taken too soon. I wish I would have known her better I think me and her would have gotten along pretty well. Fly high Ms Paralikas. My condolences to her family. I am sure she knew you guys loved her.*

“A trip of a lifetime”, as Betty kept referring to her trip in Greece. On that trip, Betty added two more nieces to her family, Amanda and Denise.

Theia Betty was officially a Zakynthian in 2017. Until we meet again, you will always be in our thoughts and our hearts.

ME

“ Betty was the personification of love. How lucky am I to have been loved by this incredible force of a woman? She was my truest friend, a mentor in life and career, a maternal lighthouse. Her influence will forever guide me. Her selflessness, her generosity, her acceptance, her kindness; it made the very air around her radiate with light. How did I get to lucky to have felt that light?

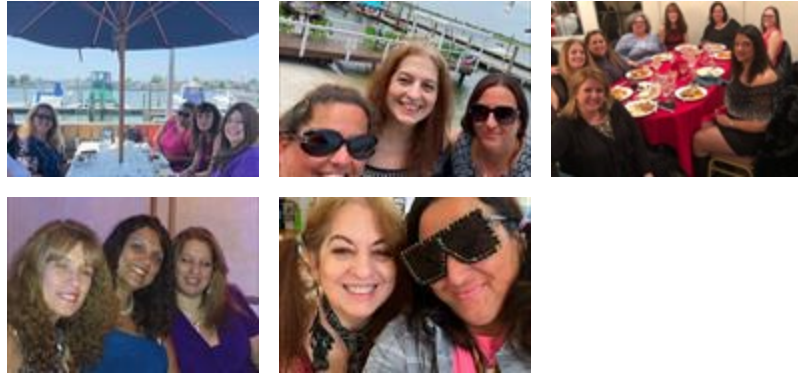

I want to remember Betty for all of these things. I also want to remember Betty for her wild sense of humor and how she could laugh with her whole being. Betty always looked for the positives, for the light. I want to remember Betty sitting at her desk in the morning rocking out to “Freebird” and telling me how she used to drive her car too fast when this song came on. Every time I hear that song I will think of her, traveling the cosmos, laughing. My deepest and most profound condolences to her family. Thank you for sharing your extraordinary Betty with us. I will honor her memory forever.
