“ Dear Claudia, I just found out about Henry last week, while looking for a new phone number so I could touch base with you guys. Scrolling down on the computer I saw Henry's picture and was blown away. I'm so sorry. He had a great outlook on things and he would get me laughing whenever we all got together. I'm in Ct .now and wish I had tried to contact you and Henry sooner. I'll always remember your visit to see Ellen and I in Phoenix- a special memory for me. Hope things are starting to look up for you and your family.  
Love, Skip

“ So we will absolutely miss Henrey. Funniest thing I can remember is the name he gave to his cat. We had so many good memories , Restaurants we went to for celebrations for communions birthdays, and just to have fun. The brunches we went to were absolutely fantastic and the relationship I had with Henrey was so special. We did talk a lot about our ancestors. We did trace things back as far as we could, knowing the name UBINAS. There are several of them floating around and like I was told, said more than likely you are related to them and guess what we are.

“ Henry was the best Husband, dad, son, brother and friend a person could have. Henry was into his wife, daughter, grandson and the rest of us. One of the greatest things to happen recently was a reunion after 42 years with Henry, Claudia, Bruce & Bonnie, Tom and Karen and Maria and I. It was great fun and we did a lot of reminiscing about the good old days. Life did Henry a great injustice by taking him WAY TOO SOON. Henry, RIP and remember everyone loved you.
