“ *We met Dr Chun on September 8th, 2016 when my husband arrived at Westchester Medical Center with Metastatic Melanoma. Dr Chun is 1 of 3 we call the dream team. We learned just days ago about his passing and are deeply saddened that he is no longer with us. He was one of my husbands biggest advocates and if it weren't for his game plan to fight this cancer my husband wouldn't be here today. My husband has been in remission for 23 months now. You will truly be missed. Forever grateful for everything you did for us. RIP Dr Chun*

“ *I remember when I first met Dr. Chun in 2004 for my chemotherapy...he told that my hair will fall off but don't worry it will grow back green in color... he's a very smart and competent doctor...he didn't make me feel afraid about my entire treatment, he said eat anything eat liver,hamburger and entemans pound cake...I will be forever be grateful for helping me with my illness Dr. Chun ..you will surely be missed...I just found out today that he passed away cuz I was about to make an appointment to see him and they told me the horrible news....we love you Dr. Chun...may your soul rest in peace*
