“ Dear Mom,
When I think of you, I think of pride because you took pride in everything you accomplished in life. You always gave 100% to everything and I admire you for that. I want to remember you for your big heart and the hearts you have touched with your good deeds and acts of kindness. Although you're not physically here anymore, your love and light will live in me forever
♥ I love you and miss you daily “Blossom”. Until we meet again, rest in heavenly peace my Queen 🌹 😊
