“ I met Dutch early 2021. We had a connection right off the bat with riding side-by-sides.  
He was part of a 6 month program that I facilitated when he started with the company.  
I looked forward in seeing him weekly (via zoom). It makes me sad that I never met him in person. He always made me laugh and had an infectious personality. I would like to pass on my condolences on to the family. He was a great guy!
