“ Wow....it's still hard to believe! Scott had such a big heart. We've worked together in the field and off. It's hard not to smile or laugh when Scott was around. He will surely be missed. RIP Scott. Life is indeed fragile and short. Let's make the most of it and make it count. Remember..... it's all about the journey and not the destination.

“ *Scott was a friend, a co worker and union brother. I'm a better man today for having known Scott. The hours of laughter and memories can't be replaced. But I will always remember those memories and always cherish the friendship we had together. I'll always remember you my friend and thank you Scott for always being there for me and for so many of us. My heart and prayers are with your family now. May they find peace in knowing that you touched so many lives and were loved by so many of us. Until we meet again my friend.*

Although I only met him once at the christmas party we spoke many times over the 9 years I knew him. What would start as a 2 minute work conversation would often end with a 20 minute BS session. Last one was talking about moving to SC/NC area after he retired to be closer to his Mom. RIP my friend.

We met and started working together in 1989, going through or apprenticeship alongside on another. We lived and worked in Puerto Rico in 96. We had many ups and downs there lol. Many memories. We strengthened our friendship over the past 3 years and I will forever be grateful for the opportunity to do this. A guy that has your back is hard to find. We had so many "inside" jokes and shared stories. I miss you already and am devastated by this loss. Your love for your family, especially your sons was beautiful. One of a kind- Scott Foster
